

NOTICE OF PRIVACY PRACTICES FORM

This notice describes how medical information about you may be used and disclosed, and how you can get access to this information. Please review it carefully and consult an ALL Therapy representative with any questions.

1. Uses and Disclosures of Protected Health Information.

ALL Therapy will use or disclose your Protected Health Information (PHI) as described in this section. Your PHI may be used and disclosed by ALL Therapy, our office staff and others outside our office that are involved in your care and treatment for the purpose of providing health care services to you. Your PHI may also be used and disclosed to pay your health care bills and to support the operation of ALL Therapy. Following are examples of the types of uses and disclosures your PHI that ALL Therapy is permitted to make. These examples are not meant to be exhaustive, but to describe the types of uses and disclosure that may be made by our office.

Treatment: We will use and disclose your PHI to provide, coordinate, or manage your health care and any related services. This may include doctors, nurses, technicians, other physical therapists, or other providers who have referred you for services or are involved in your care. For example, we may feel that a patient we are treating for chronic low back pain would benefit from an evaluation by a pain specialist to address pharmacological pain management. The health information we share with the pain specialist would be considered a treatment related disclosure.

Payment: Your PHI will be used, as needed, to obtain payment for your health care services. This may include the disclosure of health information to your insurance company, including Medicare and Medicaid, for certain activities before it approves or pays for the health care services recommended, such as: making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities.

Health Care Operations: We may use or disclose, as-needed, your PHI in order to support the business activities of ALL Therapy. These activities include, but are not limited to, quality assessment activities, employee review activities, training of clinical students and staff, licensing, marketing, and conducting or arranging for other business activities. For example, we may disclose your PHI to physical therapy students treating patients in our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name. We may use your name and PHI for patient flow tracking in the office. We may use or disclose your PHI, as necessary, to contact you to remind you of an appointment. We will share your PHI with third party business associates that perform various activities such as billing and transcription.

Other Special Uses: ALL Therapy may use your PHI to inform you of our other health-related products and services.

Uses and Disclosures Required by Law: The federal health information privacy regulations either permit or require us to use or disclose your PHI in the following ways: we may share some of your PHI with a family member or friend involved in your care if you do not object, we may use your PHI in an emergency situation when you may not be able to express yourself, and we may use or disclose your PHI for research purposes if you are provided with very specific assurances that your privacy will be protected. We may also disclose your PHI when we are required to do so by law, for example by court order or subpoena. Disclosures to health oversight agencies are sometimes required by law to report certain diseases or adverse drug reactions. We may use and disclose health information about you to avert a serious threat to your health or safety or the health or safety of the public or others. If you are in the Armed Forces, we may release health information about you when it is determined to be necessary by the appropriate military command authorities. We may also release information about you for workers' compensation or other similar programs that provide benefits for work-related injury or illness. Your authorization is required before your PHI may be used or disclosed by us for other purposes.

2. Your Privacy Rights

Following is a description of your rights with respect to your PHI and a brief explanation of how you may exercise these rights.
